The screenshot displays the Pass Your Class website interface. At the top center is the logo, which features a red graduation cap and the text "PASS YOUR CLASS" in a stylized font. To the right of the logo is a search bar with the placeholder text "Search" and a magnifying glass icon. Below the logo is a horizontal navigation menu with four blue buttons labeled "HOME", "LIBRARY", "FAQS", and "CONTACT". The "LIBRARY" button is circled in red. Underneath the navigation menu is the "My account" section. On the left side of this section is a vertical list of menu items: "Dashboard", "Orders", "Inventory", "Edit Account", and "Logout". To the right of this list, the text "Hello test-6220 (not test-6220? Log out)" is displayed. Below the "Orders" menu item, there is a link that says "Click inventory to view your checked out study guides and manage your account." At the bottom of the page, there is a footer area. On the left is the "PASS YOUR CLASS" logo. In the center, under the heading "INFORMATION", are the links "HOME", "LIBRARY", "FAQS", and "CONTACT". On the right, under the heading "MY ACCOUNT", is the link "My Account". At the very bottom right of the page, the copyright notice reads "Copyright © 2021 Pass Your Class | Powered by PassYourClass".

Description

The Astronomy DANTES study guide is all about the stars that you'd learn about during an introductory college level course. Astronomy in one way is an easy test as it counts as a science towards most degrees (always check with your counselor).

This test has some memorization but is not that difficult, especially compared with the other science tests available to take.

Our study guides include flashcards and sample test questions to get you ready to pass the test successfully, the first time.
